Veggie Patch

- Recycled, lined crate with Styrofoam void former plus LVPC's own special recipe to fill it up yourself! It includes organic compost, organic potting mix, worm castings and rock dust.
- The new timber will grey off in less than four growing seasons or can be coated to help protect the exterior look.
- Expect 10+ years of service from your Little Veggie Patch Co Crate.

Full Crates

These veggie patches are up-cycled from apple growers in Victoria and are made from non-treated, 25mm pine. Measuring 1.22m by 1.22m (0.73m in height), they provide 1.5m² of growing space, giving plenty of opportunity to grow and harvest your own vegetables and herbs.

Half Crates

Measuring 1.16m by 0.58m (0.73m in height), the half veggie crate is made from non-treated, new pine - built to the same standard as our full-sized product.
