Perpetually in a perfect state of bloom, Harmony Bells are suitable for many different outdoor locations and will withstand all weather conditions and seasons.

Each flower is made of four bells of decreasing size and ascending pitch.

Each 'bell' - when struck - emits a pure tone with a long sustain.

Available individually or in a 'bunch' of three bells in complementary chords.

Ideal for interactive playscapes, they'll arouse a sense of intrigue and encourage participants into the pursuit of music-making in the great outdoors.
