## Calypso Chimes

Model: (C4—C5)

## Calypso Chimes

Model: C Major C4-C5

Diatonic (8 Notes)

Pentatonic (6 Notes)

Quartet (C4, E4, G4, C5)

### Dimensions:

Weight: 8kg

Width: 14cm

Depth: 11cm

Height: 120-151cm

Calypso Chimes are popular due to their durability, beautiful finish, and clear, lively tone they produce with a lasting, resonant sustain.

These anodized aluminum rainbow-colored chimes are individually mounted to a stainless-steel post, which can be installed into the ground, fixed to the surface (with a surface plate), or installed with an extended footer.

The anodized aluminum polished finish is UV stable and will not chip, flake, or peel.

Each post comes with a 'mallet minder' to hold the mallet securely when not in use.

You can create the sonic landscape of your choice as individual 'solo' notes. Calypso Chimes are also available in the following arrangements within the C Major scale:

- Calypso Chimes Diatonic - Set of 8 Notes C4-C5
- Calypso Chimes Pentatonic - Set of 6 Notes (C4-C5 )

*NB: Installation through existing **synthetic grass**, repairs will be carried out but will be unable to match existing quality.*

*NB: Installation through existing **soft-fall**, repairs will be carried out but will be unable to match existing colour.*
