Capella Diatonic Xylophone

Model: C Major Diatonic—G3—G5

Capella Diatonic Xylophone

Model: C Major Diatonic (G3-G5)

Dimensions:

- Weight: 45kg Width: 76cm Depth: 54cm Height: 95cm

Our Capella Diatonic Outdoor Xylophone has 15 Rainbow Coloured Notes and is tuned to G Major G3-G5.

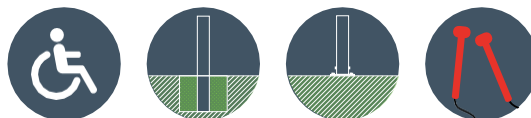

Because of its diatonic arrangement, players are able to play lots of familiar or favorite tunes as well as improvising or composing their own -making it equally fun for beginners or experienced musicians and appropriate for schools and nurseries as well as care homes and senior centers.

The vibrantly colored anodized notes are set to our rainbow scale and can be combined with one of our Music Books where the notes on the instruments correspond with the colored notes on the music sheets. Players then simply follow the colors to play a well-known song.

Set on an HDPE mounting, the stainless steel resonators will deliver a bright rounded sound.
