Grand Piano

C6—C7 Chromatic

Grand Floor Piano

C5—C7 Chromatic

Dimensions:

Weight: 660kg Width: 340cm Depth : 110cm

The Grand Floor Piano, as the name implies, is our largest Floor Piano. With 25 notes, it has a large footprint, big enough for a group of four or five friends to play comfortably together.

High-energy and engaging, we are sure you'll love our fully chromatic mechanical floor pianos.

Engineered to perform in all environments, these instruments will allow budding virtuosos to compose their music as they jump, run, or dance along the notes.

Fully wheelchair accessible, they are perfect for inclusive playgrounds and parks.

Made of heavy-duty stainless-steel construction, our floor pianos are installed flush to the ground and work equally well in schools, parks, and public spaces.

Jump, stamp, wheel, or push down on the 'piano' notes to play your favourite tunes, solo or with friends, for some "Big" energetic fun; the sonorous sub-surface bells will create clear, distinctive tones beneath your feet.
