Harmony

Model: C Major Pentatonic (C5-C7)

Harmony

Model: C Major Pentatonic (C5—C7)

Dimensions:

Weight: 22kg Width: 70cm Depth: 89cm Max Height: 139cm

Harmony is a T-Rung Outdoor Xylophone based on a traditional Vietnamese folk-musical instrument made from Bamboo.

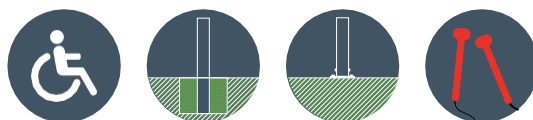

Robust yet elegant, with an irresistibly beautiful sound and resonance, Harmony is perfect for melodic exploration in music parks, inclusive playgrounds, care homes, family attractions, and gardens.

Like a vertical marimba or xylophone, the eleven thick anodized aluminium tubes are arranged length-wise and horizontally and supported by heavy-duty nylon-coated galvanized steel cables mounted on a stainless-steel frame. The notes are suspended harmonically in a C-Major Pentatonic arrangement, producing a sweet, melodic sound pitched ascending from Middle C.

The Harmony can be installed into the ground or surface mounted.

Product Highlights

- Elegant stainless steel frame
- A sweet, happy high-pitched tone
- Sensory Rich - perfect for inclusive playgrounds and sensory gardens
- Disabled Access / ADA Accessible
- Highly resonant and Pentatonic

*NB: Installation through existing **synthetic grass**, repairs will be carried out but will be unable to match existing quality.*
