## Stepping Stones

C Major (Red) F Major (Green) G Major (Blue) D Minor (Orange) E Minor (Yellow) A Minor (Indigo)

### Dimensions:

- Weight: 30kg                      Width: 46cm                      Depth: 45cm                      Height: 14.5cm

Stepping Stones offer a unique way to add some musical entertainment to a dynamic walkway, public plaza, sensory path, cycleway, or play area. They deliver a multi-sensory experience for pedestrians, surprising them and grabbing their attention while adding an element of fun to public spaces.

Each of the six square Stepping Stones secretly hides a musical chord beneath it, which is easily activated by a step, jump, push, or wheel across its top.

Stepping Stones use the same technology as our Floor Pianos but with each 'note' hiding an uplifting major or minor triad chord of three bells. Players can have fun discovering each bell by stepping on different spots – or jumping with both feet to play the chord. Each 'bell' - when struck - emits a pure tone with a long sustain, and the sound intensifies the harder you jump!

*NB: Installation through existing **synthetic grass**, repairs will be carried out but will be unable to match existing quality.*

*NB: Installation through existing **soft-fall**, repairs will be carried out but will be unable to match existing colour.*
